

DECLARATION OF APPLICATION FOR STATE FACILITATED DEVELOPMENT

612 Lutwyche Road and 53 & 57 Lamington Avenue, Lutwyche

The National Housing Accord is a landmark agreement to address one of our nation's biggest economic challenges: the supply and affordability of housing. The Accord requires 1.2 million new homes across Australia within five years. For Queensland this means around 240,000 additional new well-located homes must be built by mid 2029.

The Queensland Government's \$3.1 billion *Homes for Queenslanders* plan is the State's commitment to this task and to ensure that every Queenslander has access to a safe, secure and affordable home.

A key initiative of the *Homes for Queenslanders* plan is the State Facilitated Development pathway – a new fast track development assessment pathway. Streamlined approval pathways have been specifically identified as a measure that each state must bring forward under the National Planning Reform Blueprint.

State Facilitated Development provides a pathway to faster decisions and resolution of planning and infrastructure issues to provide housing, including social and affordable homes.

The Minister for Housing, Local Government and Planning and Minister for Public Works has made a declaration under section 106D of the *Planning Act 2016* (Planning Act) to declare the relevant application described below to be an application for State Facilitated Development.

This proposal has locational attributes including, but not limited to, easy access to active transport including the Kedron Brook Cycleway, public transport links to key destinations including the Royal Brisbane Hospital health precinct, Prince Charles Hospital, the Central Business District, Chermside Shopping Centre and other employment hubs, as well as multiple schools within walking distance including Wooloowin State School and Kedron State High School, that makes it highly suitable for delivering more well-located homes for Queenslanders.
