

PROPOSED STATE FACILITATED DEVELOPMENT

612 Lutwyche Road and 53 & 57 Lamington Avenue, Lutwyche

The National Housing Accord is a landmark agreement to address one of our nation's biggest economic challenges: the supply and affordability of housing. The Accord requires 1.2 million new homes across Australia within five years. For Queensland this means around 240,000 additional new well-located homes must be built by mid 2029.

The Queensland Government's \$3.1 billion *Homes for Queenslanders* plan is the State's commitment to this task and to ensure that every Queenslander has access to a safe, secure and affordable home.

A key initiative of the *Homes for Queenslanders* plan is the State Facilitated Development pathway – a new fast track development assessment pathway. Streamlined approval pathways have been specifically identified as a measure that each state must bring forward under the National Planning Reform Blueprint.

State Facilitated Development provides a pathway to faster decisions and resolution of planning and infrastructure issues to provide housing, including social and affordable homes.

Lamington Markets Pty Ltd, has requested 612 Lutwyche Road and 53 & 57 Lamington Avenue, Lutwyche be considered under the State Facilitated Development pathway. This site has locational attributes (see enclosed site location plan), including but not limited to, the proximity to active and public transport options and proximity to local amenity that makes it highly suitable for delivering more well-located homes for Queenslanders.
